ABOUT ME

I am a second-year Data Science student at the Warsaw University of Technology with a strong background in mathematics and a solid foundation in programming and data analysis.

With strong communication skills and a collaborative mindset, I actively ask questions, seek clarification, and thrive in team environments where ideas flow freely.

EDUCATION AND TRAINING

Cambridge English Proficiency (C2)

University of Cambridge [22/04/2023]

Bachelor's in Data Engineering and Analysis (currently studying)

Warsaw University of Technology, Faculty of Mathematics and Information Science [01/10/2023 – Current]

PROJECTS

The Messengers - Team Project (R, Shiny, JS)

The Messengers visualizes Messenger data, analyzing and graphically representing the authors' messaging habits.

Make sure to check out the Ranking section - it's where the project truly shines.
